- 1 If last Propaganda and Moderates Resources 15+, reduce Polarization such that it equals Issues + Networks (+1)
- 2 If Oppose+Admins 10+, shift toward Neutral as able until Oppose+Admins is 9 or less
- 3 Unless last Propaganda and there are Unresolved Issues, place max cubes: roll 1d6, 1-2 Reds 3-4 Senate 5-6 Non-player's
- 4 Shift toward Neutral:
 - a reduce player's Support / Opposition first

➤ **Prisoners of War (6.5.1).** **Reds** and **Senate** release all enemy prisoners if Polarization is 6 or more, otherwise none.

Capabilities (8.1.9). Place up to two friendly Capabilities in each space unless placement elsewhere is not possible

1 **Senate** place Jaeger

- 1 in Vaasa
- 2 with largest Senate group of Cells

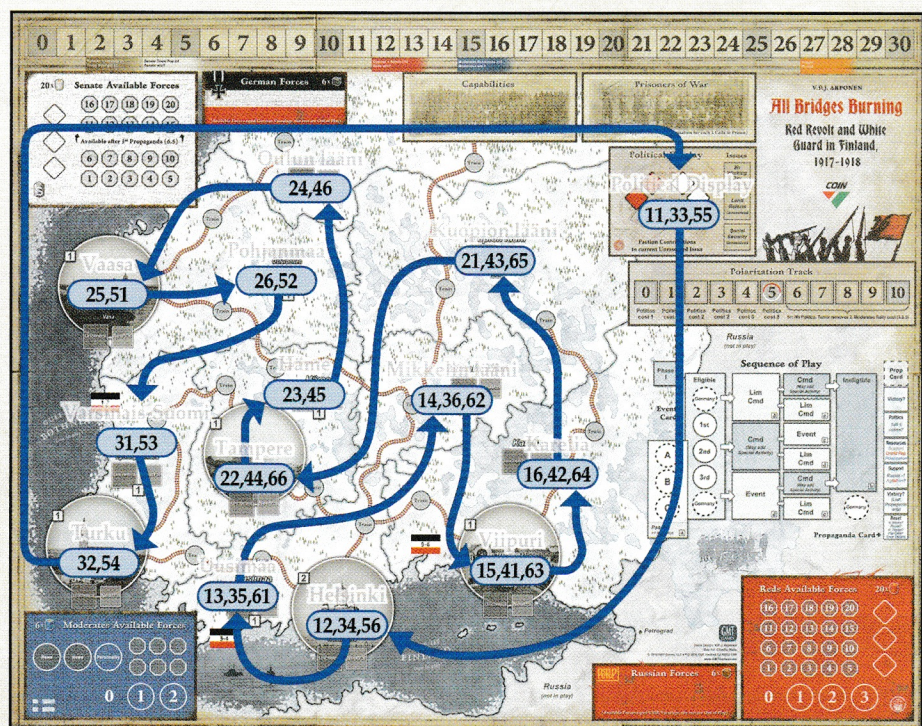

2 Place Trains:

- 1 If **Senate**, with Jaeger
- 2 **Reds** and **Senate**, evenly, with a largest group of friendly Cells, one Train per group:
- 3 closest to largest Reds or Senate enemy group

3 Place other Capabilities evenly:

- a If **Senate**, where a Senate Capability already
- b closest to largest Reds or Senate enemy group

Random Spaces Map (8.4). Roll two dice in succession, the first is the "tens" and the second is the "ones". Then find the corresponding space on the map. If the indicated space is not suitable, follow the arrows to find one. *EXAMPLE: "2" followed by "6" is 26, Pohjanmaa.*
